Demi lovato hollywood reporter

Stay up with the latest daily buzz with the BuzzFeed Daily newsletter! Timothy Norris/Getty Images When you're in the spotlight, people want to know everything about you. And really it means everything. Of course, that doesn't mean a celebrity has to offer details of every aspect of life, and Demi Lovato makes it very clear. Demi speaks out after she was recently photographed holding hands with another woman at Disneyland. Some fans called her out for not being open about her sexuality, including one who wrote I Love Demi Lovato, but her reason for refusing to talk about her sexuality is total bull -, on Twitter. Demi was referring to her YouTube documentary series, Demi Lovato: Simply Complicated, which Billboard says will debut on October 12. Demi didn't stop there. Just because I refuse to label myself for the sake of a headline doesn't mean I'm not going to stand up for what I believe in, she wrote on Twitter. If you are so curious about my sexuality, watch my documentary. But I don't owe anyone anything. Watch men and women spill the honest truth about exactly what they think about cheating. She simply told Pride Source last week: I love the one I love. When pressed to reveal more, she said, thank you for the opportunity, but I think I'm going to pass. And then she said, this: I just feel like everyone is always looking for a headline, and they'll always have their magazine or TV show or whatever to break what my sexuality is. I feel like it's irrelevant to what my music is about. I stand up for the things I believe in and the things I'm passionate about, but I like to keep my personal life as private as possible when it comes to dating and sexuality and all that stuff just because it has nothing to do with my music. Unfortunately, we live in a world where everyone is trying to get that sound bite, and I don't intentionally give the sound bite. Watch my documentary. You may be able to find more about this and similar content on piano.io Since returning from a much-needed, years-long break from the music industry, Demi Lovato has become one of our favorite advocates for those dealing with eating disorders and mental illness. But her influence goes far beyond that, and her latest tweet about the complexity of self-love proves it. Share on Pinterest.Lovato touches on a rather interesting concept: It's possible to love yourself while you don't necessarily love what you see in the mirror at all times. It can be hard to keep these duellides in your head at the same time, but Lovato's message is a reminder that pretty much everyone struggles with this at some point. No matter what, though, we are always worthy of love - especially our own. She followed up with another tweet about her decision to stop slimming down and limit herself: While short-term diets can be beneficial, they are not for everyone. And limiting yourself long-term can have a negative impact on your relationship with food. Although it is common to feel guilty about eating foods you have previously thought of as evil, it is important to remind yourself that food is not the enemy. In most cases, allowing you to eat something in moderation is a generally healthier way to live. Lovato clearly knows how hard balance can be, and her message to her fans - if she can do it, you can do it - is a powerful and necessary one. Demi Lovato's heartbreaking single Sober was released over a month ago. Today she was reportedly taken to the hospital for a heroin overdose, TMZ reported, and is now in stable condition, according to People. Unconscious when help arrived, Lovato was treated with naloxone (Narcan), an emergency medicine that can reverse the effects of a narcotic overdose. Earlier this year, Lovato celebrated her sixth year sober with a candid tweet. Lovato has never shyed away from speaking publicly about his addiction and mental health, and has shared openly throughout his long-standing sobriety journey. So grateful, she captioned the post. It's been quite a journey. So many ups and downs. So many times I wanted to relapse, but sat on my hands and pleaded with God to alleviate the obsession. I am so proud of myself, but I could not have done it without my higher power (God), my family, friends and everyone else who supported me. I feel humble and happy today. Thank you for sticking by my side and believing in me. Lovato checked into a rehabilitation center in 2011. Since then, she has used her platform to deliver honest messages about substance abuse, eating disorders, anxiety, depression and bipolar disorder. In a candid interview with American Way in June 2016, she said she started binging when she was just 9 years old. At age 12, she cleaned and also cut her arms. So in her teens, Lovato's career took off - a starring role in the Disney film Camp Rock, a solo album, her own Disney sitcom - and her success was overwhelming. She started using alcohol, cocaine and opioid I was living fast, and I was going to die young, Lovato told American Way. Her turning point: punching a backup dancer in the face while on tour with the Jonas Brothers. Lovato left the trip to seek treatment, first for her bulimia and newly diagnosed bipolar disorder; then for her substance abuse problem. When I started eating again, the other problems got worse, she explained. It was like whacking a mole. Through the music, she treats her personal contention in a refreshingly honest way. I didn't go into the treatment and thought, 'OK, now I'm going to be an inspiration,' she said. At times I was bitter about having that kind of responsibility, but now it really has become a part of my life. It holds me accountable. Lovato's sincerity and bravery have not gone unnoticed by her fans and fans over the years. I can't tell you how many times that girls will show me their arms covered in scars or cuts. They'll tell me, 'You helped me get through this. Because of you, I stopped hurting myself, or I got sober, the singer told American Way. Hearing these things gave my life new meaning. While we wait to hear more information about Lovato's condition, we reflect on the strength she has given others and encourage those struggling with addiction to seek help. Demi Lovato feels safe and ready to get back to making music again. The singer recently shared some exciting music news on her Instagram, and fans couldn't be happier that she's embarking on a new chapter in her life. Demi recently signed with new manager New Year, a new career move for Demi Lovato. The singer recently made a big announcement on her Instagram that has fans overwhelmed with joy and Lovato excited about what's coming in her career. Over the weekend, Lovato announced that she has signed with celebrity manager Scooter Braun and shared that she is happy to start a new chapter in her music career. Guys!!!!!! Dreams came true today for me. I officially have a new manager!!!! And not just any new manager, but the one and only @scoterbraun!!!! Lovato revealed on Instagram, along with a photo of her and Braun. Couldn't be happier, inspired and happy to start this next chapter with you Scooter!!! Thank you for believing in me and for being part of this new journey. Let's do this!!!!!! Braun, who currently leads Ariana Grande and Justin Bieber, also took to Instagram to share her excitement at representing the songstress. She is a special person and a special talent. I'm... We are honored. Welcome to the Demi family, he captioned the post. Now that Demi Lovato officially has a new manager, we can all guess that she is finally ready to return to the studio. It almost two years since the singer released an album and and has been itching for her grace us with some more powerful ballads and chart-topping hits. Now it looks like it will happen much faster than we thought. She's not rushing back into the spotlight Even though she's about to get back on the swing of making music, Demi Lovato isn't rushing her official comeback. As she has been working on her sobriety in recent months, the singer is not looking to overwhelm herself with the pressure to release new music. According to sources, her team has assured her that there is zero pressure to rush back into the music business. Instead, the family and team want Demi to continue to focus on her health and start easing back into the spotlight when she's ready. Although she has maintained a low profile since her July overdose, the singer has continued to write songs to reflect her personal experiences. When Demi decides to come back into the studio and start recording, we can expect her new music to be some of her most vulnerable and powerful songs yet. It's been a long year of ups and downs for Demi Lovato, but she's now ready to put her past behind her and get back to doing what she loves. Love.
